Y. M. C. A. Gra-Y Sleepout Is Arranged for Friday Night

"Two-peels bulc-lla Y-arG, 42,
yraunaj, yadirF"

Warren Gra-Y Council translat-
ed the above message for Times-
Mirror today and reported that it
came through the local YMCA and
stated that a Gra-Y all club sleep-
out will be held at the YMCA
January 24. The activity was la-
beled "Space race to planet earth
—an exciting jet-propelled adven-
ture that is out of this world."

When the indoors-campers ar-
rive at 1930 (that's 7:30 p. m.
Earth time), each one will bring
one dollar for the slight charge.
But forbidden contraband are
candy, foodstuffs, money, valuable
watches. . . (Earth people are
strange beings, don't know how to
handle these things).

Seven "orders of the day" will
be observed. These include ascent
and landing (airball), plan of at-
tack (instructions), visit to Nep-
tune (swimming), sign in and
equipment overhaul (wash up and

bed down), night rations (special
Meteorite menu . . . the cookies
are hard as rocks), check in with
the "Chief" (meditations and
prayers), and last but not least,
radar report (special inter-plane-
tary ghost story: "When the Sat-
ellites Go On Again All Over the
World").

Getting down to earthly busi-
ness, it is very important that
each interested club member keep
the following statement in mind
from the council: "Because of so
many additional 'requests' for per-
mission to land" beyond existing
hanger facilities and available
food stocks, base headquarters
must require confirmation of ex-
pected arrivals from each Inter-
planetary Commander by noon
Thursday." The council further
stated that others are waiting for
the berths that other members will
not be using for the sleep-out.

Further information may be ob-
tained by calling the Y at 1000.

Mirrored in Our Times

How well do you keep "pace"
with the times? Are you familiar
with the "new sack look"? How
short do you think skirts will be?
What's new in the field of mis-
siles? Are you anxious to see the
1958 cars at the annual auto show
Friday and Saturday? Because
you keep up with what's going on
in the world around you you ap-
preciate the fact that the "pace"
today is brisk and great things
are happening!

There's every chance that you're
among those whose hair nature
refused to curl—hence you rely on
modern methods to bring beauty
to your tresses, no matter what
the length of dresses. And we have
news that will literally "curl your
hair"! It's a Proctor and Gamble
creation—a product that has just
crashed into the limelight. Gals
who have been advocates of home
permanents are now going to enter
into a new era in the art. Now—
no messy lotion—no muss and ab-
solutely no fuss. Here's the last
word in simplicity—water, plus
paper (the lotion is in the paper)
—a twist of the wrist and presto—
a beautiful home permanent.

That's right! It's new, and
you can keep pace when you
try "Face" by Proctor and
Gamble—the latest in easy
home permanents. Just water,
plus paper. It's yours for just
\$20.00 plus tax at the Warren
Drug Store. It's simple to re-
member—it's "Face" and it's
really wonderful.

Seems as though a good many
local folks are complaining of the
many meetings on the calendar
for 55. There would appear to be
some sort of gathering every night
of the week. As a result, there are
conflicts and attendance at some
of the sessions suffers. All of the
organizations have something good
in mind, especially as far as the
community and other worthy ven-
tures are concerned—but it be-
comes increasingly difficult to
choose which to attend. We've no
solution—but begin to wonder when
people stay home!

As far as children and veter-
ans are concerned, as well as the
nursing profession, we hope that
nothing will hinder your attend-
ance at the 40th 8 Auto Show
Friday or Saturday. Those who
view the 1958 automobiles dis-
played by local dealers will also
be aiding the 40th 8 in its future
program of welfare for kids and
men who have fought for their
country. The venture also supports
a nurses training program and
plenty of other fine projects. It's
a lot of work to handle such an
outstanding show, but thanks to
diligent members and interested
dealers, it's always quite a
spectable.

Edith O'Hara, well known and
popular director of our Warren
Children's Theatre group begins
this season's repertoire this week
with quite a number of future ac-
tors and actresses, already signed
up. Mrs. O'Hara hopes to extend
the group's activities and provide
the participating youngsters with
more opportunities to appear be-
fore the public. Experienced in the
art of teaching boys and girls
more of "the theatre", the di-
rectress has gained considerable
stature in the community.

Now that local TV fans are en-
joying Erie's TV programs (with
several of our community func-
tions already picked up by news-
casters), appearance at such get-
togethers becomes more important
than ever before. Men at public
gatherings will become clothes
conscious and we'd like to point
the way to looking your best at
all times.

The way to look your best
is to shop where they feature
the best—the best in mens-
wear—and that's at The
Style Shop. You never know
when they'll be taking a pic-
ture of you! So be sure that
you are ready to face the
camera's eye! Stop by—at
The Style Shop.

Notice of intention of Borough of Warren to adopt Per Capita Tax Ordinance for 1958

Notice is hereby given that The Burgess and Town Council of the Borough of Warren, Pennsylvania, in pursuance of authority granted by Act No. 481 of the General Assembly of the Commonwealth of Pennsylvania, approved June 25, 1947, P. L. 1145 as amended and supplemented, intends to consider at its Regular Meeting to be held February 10, 1958 at 7:30 P. M. at Warren Municipal Building, Warren, Pennsylvania, the adoption of an ordinance imposing a per capita tax for the year 1958 of Five Dollars (\$5.00) on each resident or inhabitant of the Borough of Warren of the age of twenty-one (21) years or over.

The reason which in the judgment of The Burgess and Town Council of the Borough of Warren necessitates the imposition of said tax is that it is required, in addition to other legal sources of revenue of said Borough of Warren to provide funds for the proper operation of the Borough of Warren. The amount of revenue estimated to be derived from said tax is Forty-one Thousand (\$41,000.00) Dollars.

Plans for Reunion of Former Residents Explained in Letter

Garden Grove, Calif.
Wednesday, Jan. 15, 1958
Warren Times-Mirror

Dear Ed and Staff:

Well finally am started on a note to you. Have been going to write for a long time.

Everyone well at home here, everything going fine here with all of us and as for weather, it just can't be beat right now.

I am still working at the power plant, one must eat and that is the only way I've found out, one must work to eat.

Just received my permit for the Warren County reunion, we will hold it same place as previous years, Sycamore Park, Glen Echo Section No. 2, Los Angeles, Calif. on Sunday, May 25, 1958 from 10 a. m. to 5 p. m. This park is located in the Airova Seco Canyon, right along the Pasadena Freeway.

It is on North Figueroa St. about 4900 block. The photographer was sick last year, so no picture taken, this year he assures us he will be there. Have picked up a few more names for our list since last year, we have close to 200 names on our list at present. Heard from one of your old employees from "Sacramento, Calif.," named "Reynolds",

Boys' Department At YMCA Plans for Next Family Night

Jeff Reidel, Boys Work Director at the YMCA, announced today that plans for the 29th Family Night this Saturday have progressed to the point of completeness and all is in readiness.

Family Night is held on the fourth Saturday in every month at the "Y". This month's feature will be a special mid-winter indoor picnic. Participants are to bring a luncheon, table service and rolls. YMCA will furnish dessert and beverage.

A small cover charge of twenty-five cents will be placed on each person to cover entertainment for the evening, program and activities.

Following the 6 p. m. supper, a quiet period will follow during which a unique feature will be presented—movies. An all-cartoon reel has been ordered for Saturday night which will provide delightful entertainment for both adults and children.

Proceeding the movie hour the well-known and popular swims will be held in the Y pool. This provides an enjoyable evening of water games and recreational swimming for the whole family.

Reidel stated that "Children are reminded that to attend, they must be accompanied by a parent." He further explained that the necessity of this rule was "So that children showing up unaccompanied will not be disappointed if they are turned away."

This eagerly awaited event is under the chairmanship of Mrs. C. Walter Johnson, capably assisted by Mrs. Jean Cassell.

said he would like to attend the reunion, he is quite a ways from us, though.

Joe Huber from Oakland is coming down so maybe they can come together, we will see later about it.

We are expecting Elizabeth Huber to visit us next week, she lives in Connecticut, is out visiting her brother Joe in Oakland at present.

They lived on the South Side, then Dad was brewmaster at the Warren Brewery, later I believe had a butcher shop on the South Side. They left Warren years ago. We visited Joe in Oakland this past summer, he has a large family, seven children, had a lovely visit with them.

My cousin, Josephine Weigle lives with her daughter and son-in-law Anthony Fontana in Anaheim about five miles from us. He visited them on Christmas afternoon, her son Ray was there also so we had a nice visit, all are well.

The Bob Burns were still in Tombstone, Ariz. at Christmas, they were taking care of his sister's curio shop there.

Would be glad to have anyone who knows of someone from Warren County who are now out here in Southern Calif. and not on our list, please send me their name and address and I'll put their names on our file and notify them of our reunion.

Well Ed, I'll close for tonight, hope all of you are real well and only wish I could send you some of this present weather, I'm sure it would be welcomed.

Best of regards to all of you, from all of us.

Sincerely yours,
Louis, Alice and the Giegerich children

Area Youngster To Undergo Surgery For a Sixth Time

Russell Gern, five-year old son of Mr. and Mrs. Marshall L. Gern, Crestview Blvd., was admitted to Allegheny General Hospital Monday to undergo surgery this morning for electric burns sustained at his home July 17, 1955.

This will make "Russ's" sixth operation in two and a half years, and incidentally, his parents 58th trip to the hospital to visit their son.

After Russ's stay in Warren General, Warren County Crippled Children's Association contacted the State Plastics Program who is presently spearheading such operations and care of unfortunate youngsters in the state.

Young Gern was to report to the hospital last September, but appointments had to be waited from the State.

Friends and well-wishers may write to Russell at Allegheny General Hospital, 320 East North Avenue, Pittsburgh 12, Pennsylvania.

TREASURER SATISFIED

Warren County Treasurer Robert L. Ritchie yesterday expressed his satisfaction in Judge Alexander C. Flick, Jr.'s percentage choice for his 1957 salary. Most others who have read Judge Flick's order in granting the one and one-quarter percent on expenditures and receipts, seemed to feel also that the jurist has been completely fair. The auditors had asked for that particular percentage, and the commissioners had proffered the same, but it took a carefully considered review of legal precedent and plain common sense to decide between the relatively minor side issues which separated the two states of mind.

Judge Flick made full notice in his opinion that there had been no complaint about operation of the Treasurer's office. But he did take cognizance of the immense responsibility for exactness and reliability in treasury office figures before granting a percentage allotment with which commissioners had disagreed.

Though Judge Flick noted specifically that the Commissioners' intent to set (in effect) a ceiling on the percentage was neither "fair" nor "just", he did observe that the commissioners appeared to be trying to do their job the best way they could.

However, the judge did not set the percentage amount for the remainder of Treasurer Ritchie's term, which runs until 1960. Stating that setting the percentage for even one term was a "responsibility keenly felt", Judge Flick noted that times may change in the county's fiduciary climate and stated the actual year-to-year percentage was in the purview of three commissioners, three auditors and one treasurer.

SALK VACCINE PROBLEM

All the evidence mustered to date indicates that the Salk polio vaccine is a smashing success. It has sharply reduced polio rates in the United States. How baffling to learn, then, that millions of Americans are not taking advantage of the vaccine's protection.

Because of what the Health News Institute describes as an apathetic public attitude, manufacturers of the vaccine may have to destroy hundreds of thousands of doses which have become outdated. The makers gear their output to meet demand on a year-round basis.

Most astonishing is the news from the National Foundation for Infantile Paralysis that there are still some 16 million youngsters under 20 who have not had any Salk shots. In the age brackets under 40, the total without vaccination is about 45 million people.

According to Chet Shaw, the Institute's executive vice president, the age group under 20 accounts for about three fourths of all the polio cases in the nation.

If any large proportion of these are to be protected at the height of the 1958 polio season next August and September, they need to begin taking the series of three shots right now. Eight months' time is required for the full sequence to run.

This puzzling situation, with vast quantities of vaccine growing stale while many millions still need it but won't act to get it, makes a mockery out of the frenzy over polio shown by so many before the vaccine was discovered.

When Dr. Salk developed his vaccine, he answered those frantic cries and justified the spending of much money. No one with good sense would want his great achievement to be wasted, even in part.

STASSEN SPEAKS HIS MIND

After complimenting the local Junior Chamber of Commerce organization on its "effective service" to the community, Presidential Disarmament Advisor Harold E. Stassen last night stated his faith in the continuing ability of America to maintain its supremacy over any threats marshalled by the Soviet Union. Using phraseology perhaps a little shop-worn, yet still obviously convinced of the truth of his statements, Mr. Stassen called upon all Americans to back up government's efforts toward eventual victory in all fields. JCs and Bosses gave him a standing ovation.

Here and There

The office staff at our neighboring Warren County Motor Club reminds that all 1957 Pennsylvania driver's licenses will soon expire. The zero hour is mid-night, Friday, Jan. 31. If a driver has not received his application for 1958 operator's license, he should write to the Department of Revenue, Bureau of Motor Vehicles, Harrisburg, immediately. In the letter, the motorist should give his operator's license number and the operator's license number from off the 1957 license, also his name and address that appear thereon. Another zero hour for Friday mid-night is the inspection of cars. If the new inspection sticker has not been received to date, motorists should see that they do so now.

The passing of Hon. D. J. Driscoll, affectionately known as "Denny" to friends everywhere, and recognized by many as "Mr. Democrat", who died at St. Mary's Saturday recalls the close association that existed between Driscoll and his co-worker in the party "Sike" Walker, founder and publisher of the Evening Times

and later Times-Mirror, before the death of the latter over 20 years ago. During the administration of President Woodrow Wilson and later George H. Earle, governor of Pennsylvania, Mr. Driscoll made frequent visits to Warren when he always dropped in to chat with "the Walkers." The St. Mary's Daily Press, in an editorial Monday, reveals an interesting incident in connection with the death of Mr. Driscoll. It says: "You may have wondered about the comparatively shortness of the death account of D. J. Driscoll, 'Mr. Democrat', of this part of the state over a long span of years but he wrote his own obituary, the second time that has happened in more than 25 years of newspaper experience, the other being the late Mrs. Charles J. Schaut, of Chestnut street. Attached to the already prepared obituary was this addition (not another word added) 'So the request of the dead is respected.' And for the benefit of his many friends among Times-Mirror readers, here's Denny Driscoll's obituary as written by 'Mr. Democrat' himself: He was a native of

North Lawrence, Lawrence County, N. Y., but had lived in Elk County since October, 1880. The date of his birth was March 27, 1871. He was admitted to the bar in April, 1898, and was an active practicing attorney for many years, although for the last few years he had retired from active practice. He held the record as a member of the bar for a longer period than any other lawyer in the history of this or any adjoining county. He was one of the few surviving veterans of the Spanish-American War in which he served abroad. Mr. Driscoll is survived by his wife, the former Elizabeth Biglan, to whom he was married in St. Marys June 19, 1900, and by two daughters, Mrs. Margaret Scott and Mrs. Elizabeth Simons, two grandsons and two great-grandchildren as well as one brother, Robert E. Driscoll, president of the First National Bank, Winthrop, N. Y."

An incident in the public life of Mr. Driscoll that justifies repeating at this time is mentioned in the editorial of the St. Marys paper as follows: "It was his inquisitiveness during his term in Congress (1934-1936) regarding the similarity of handwriting of names from Warren County protesting against regulation of public utility concerns that led to the Senator Hugo L. Black senatorial investigation of the whole public utility body and led to the elevation of the Alabama solon to the United States Supreme Court, of which he is still a member." This resulted in the famous "hundred thousand dollar" libel suit instituted by the late Attorney Charles Margotti against the Philadelphia Inquirer, which was held in the Washington (Pa.) county court 23 years ago next month, with a dozen or more residents from Warren county subpoenaed as witnesses, including county commissioners, county solicitor, several members of a law firm, and other officials.

Missile Age Puts Mark on Ike's 'New Republicanism'

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Marked changes in the Eisenhower philosophy of government can be detected in the administration's new budget.

There is practically no new idea in the budget message that can be labeled what used to be called "new Republicanism."

As a matter of fact, the 1959 Eisenhower program veers in the other direction. It cuts back on a number of liberal social welfare programs previously recommended.

A typical example is the postponed health insurance program for government employees. It would have cost 65 million dollars the first year.

The President would also defer action on grants for training teachers of mentally retarded children, child welfare and juvenile delinquency aid to the states. Savings from these cutbacks are estimated at 10 million dollars the first year, 20 million dollars annually by 1962.

A PROPOSED CHANGE in the formula for computing public assistance grants to the states would save the federal government 250 million dollars a year by 1965.

Hill-Burton Act hospital construction funds would be cut back 40 to 50 million dollars a year, if approved by Congress.

All such proposed changes are of course a reflection of the new emphasis on missiles.

Sixty-one proposals for new legislation are mentioned in the President's 1959 budget message. With 34 requests carried over from earlier messages, it brings the President's legislative budget up to 95 specific subjects for congressional consideration.

The new items deal almost entirely with immediate crises.

Most important proposal in the national security category is the plan—still in preparation—to reorganize Department of Defense. Along with it, the President wants authority to transfer up to two billion dollars a year, from one service to another.

THE PRESIDENT'S 1959 program still has the strong internationalist flavor of previous years. Mr. Eisenhower asks 3.9 billion dollars for foreign aid and expansion of Export-Import Bank lending authority by two billion dollars. The President asks for five-year extension of the reciprocal trade agreements program, with membership in Organization for Trade Cooperation, at which Congress has previously balked. But the President is asking for important reservations which would permit him to raise tariffs and prevent hardship to American industry. This is a policy reversal. The President sticks to his—or Secretary Benson's—agricultural surplus export plan. He requests an increase from 4 to 5.5 billion dollars in appropriations.

The administration's four-year, 1.3-billion-dollar school construction program has been dropped entirely. In its place is a new aid-for-science education program to cost 145 million dollars the first year—more later, unquestionably.

FOUR BUREAU OF RECLAMATION projects that the administration has fought hard for are now dropped, with total costs of 770 million dollars postponed.

Budget message proposals to shift a larger share of farm disaster relief and urban community development costs back on state and local governments will bring a wall from affected areas.

In general government, the principal new Eisenhower proposals are pay increases for the armed services and postal employees. Total costs will be 848 million dollars the first year.

MRS. RICHARD E. HARE

—Moffett Studio

Vases of white mums and stock, with banked palms, formed a simple setting in First Lutheran church January 18, when Pastor Frederick B. Haer officiated for the marriage of Joan Beyer, daughter of Mr. and Mrs. Clair J. Beyer of Russell, to Richard E. Hare, son of Mr. and Mrs. Emmett Hare, Cleveland Heights, O.

Escorted and given in marriage by her father, the bride wore a

ballerina length gown of ice blue, peau-de-soie, designed by Phyllis of the House of Bianchi. Styled on empire princess lines, the sleeveless bodice had a scoop neckline, and the skirt featured a back panel accented with a bow.

A matching jacket of chantilly lace had three-quarter sleeves and a shoulder length veil of illusion in the same shade was attached to a crown embroidered with seed

pearls. She completed her outfit with a cascade arrangement of stephanotis sprays and a white orchid.

Gowned in Dior blue, also in empire-princess style, attendants were a college classmate, Mrs. Robert Gieseler, as matron of honor; Pamela Beyer, junior bridesmaid for her aunt. Their cascade bouquets were of Fashionette roses.

Thomas Berlin, Cleveland, was best man; ushering were Lawrence and Frederick Beyer, brothers of the bride.

Mrs. Beyer chose a blue taffeta dress, with white accessories and pink camellias; Mrs. Hare wore brown accessories and yellow roses with a beige frock.

The reception followed at the Woman's Club, where aides were Mrs. Frederick Beyer and Mrs. Lawrence Beyer. The bride's table was draped with garlands of smilax and clusters of pom poms, with a center arrangement of white stock, white pom poms and blue iris, and a three-tier wedding cake was topped with a nosegay of stephanotis and blue ribbon. Bouquets of white stock and blue iris were used on the mantels.

For a wedding trip to Florida, the bride was costumed in a gold colored suit, brown accessories and her bridal orchid.

The bride attended Skidmore College; the bridegroom, Massachusetts Institute of Technology and University of Michigan.

Mr. and Mrs. Emmett Hare honored the couple with a rehearsal dinner Friday evening in the Penn-Laurel private dining room.

IRVINE LADIES AID HAS MEETING

The Ladies Aid of Irvine Presbyterian church held its first meeting of the new year at the National Forge clubhouse, with 11 members present. Mrs. Mildred Vicander presided in the absence of the president, choosing as her topic "Thoughts of Friendship," reading scripture and leading unison recital of The Lord's Prayer.

During the business, session members voted a contribution to the March of Dimes. A social hour followed and delicious refreshments were served by the hostesses, Mrs. Bertha Munksgaard and Mrs. Sue Franklin.

Next meeting will be held February 20, with Mrs. Bertha Bates and Mrs. Evelyn Franklin serving as hostesses.

WOMEN OF THE MOOSE

All members are asked to be on hand this evening at eight for the regular meeting of Warren Chapter 693, Women of the Moose. Plans are to be completed at this time for entertaining the mid-winter conference here on Sunday.

Teen-Ager's Life Today Is No Easier Than It Ever Was

BEING a teen-ager today is supposed to be a snap. Lots of privileges, lots of freedom, lots of activity—and practically no responsibilities.

But in many ways being a teen-ager is exactly the same experience as being an adolescent back in the days before the teen-age world was invented.

Girls still are so unsure of themselves and their own judgment that they can't go anywhere without calling up six other girls to make sure of what they are going to wear.

Boys still are afraid to date anyone but the most popular girls, and since they can't all get dates with these choice few many of the boys never have any dates at all.

Girls still find it no easy trick to let a boy know they like him, without being so obvious about it they scare him off.

HEROES STILL SHINE

BOYS who aren't football or basketball heroes still have a struggle to win a place for themselves among their contemporaries. Girls still are so concerned with how they look that a hair-set that didn't do quite right or a dress that isn't quite perfect for the occasion can throw them into last-minute despair that ruins any chance of having fun.

Boys still have the problem of convincing their parents that they are able to take care of themselves and don't need to be constantly reminded to do this and not to do that.

Both boys and girls still feel the urgent need to belong to a group and those who are left out are just as miserable in the teen-age world as were the kids who didn't quite fit in back in the days when we called teen-age the awkward age.

Things haven't changed so much, and the years between childhood and adulthood are still no picnic.

Building Program Plans in 1958 Are Detailed at First Lutheran Annual

The annual congregational meeting of First Lutheran church was held in the church parlors Monday evening, preceded by a sauerkraut supper served by members of the United Lutheran Church Women.

An opening hymn was followed by scripture reading and prayer by Pastor Frederick B. Haer, and an interesting account of his year's work and the church's accomplishments.

He stated that early in 1957 the congregation had a Capital Funds drive for a new parish educational building, under the guidance of Charles Stief of the Fund Counseling Service, Lutheran Laymen's Movement for Stewardship.

The sum of \$114,000 was pledged at that time, covering a 130-week period. The executive building committee then commissioned Arthur Steinmark of Pittsburgh to design the building, in accordance with expressed needs of the congregation.

Pastor Haer also reported the Evangelism Mission, held in May was an inspiration to the parish, awakening consciousness of the importance of evangelism.

Stewardship of money revealed a total of \$45,288, received for current and benevolent items in the budget; endowment funds increased by additions amounting to \$1,721. The baptized membership at the end of 1957 was 1,679, it was shown; and Luther League was reorganized into a group to be known as First Lutheran Youth.

Assistant Pastor V. Theodore Benson resigned December 15, effective December 31, to accept a call to St. Paul's Lutheran church at Drakes Mills, Pa.

Thanks were extended the many who have served as leaders of organizations; especially choir members; Director A. P. Lyford; the organist, Mrs. Glenn Engstrom; and the church secretary, Miss Nellie Samuelson. Pastor Haer stated the parish is looking forward to a history-making year in 1958 as it starts its building program.

Charles Cable, treasurer, presented a fine report and complete statement of financial accomplishments; Claud King reported in detail for the finance committee; Gilbert Reier, property committee chairman, recounted repairs made to the church and parsonage. Copies of treasurer and organiza-

tional reports were given each member attending.

Sheridan Brown, for the building committee, said working plans and detail drawings for the new parish educational building are being made and will be ready for bids about March 1.

Elected to Church Council for three years were Richard Ross, Robert Hockenberry, Albert Ristau and Gerald Huber, the last two of whom will be serving a second term. Retiring councilmen are Herman Ryberg and Curtis Goodwin, the former having served for six years, the latter for 15, of which seven were as church treasurer.

To conclude the meeting, colored slides depicting historical events of First Church were shown by Robert Hansen and narrated by Sheridan Brown.

The president, Mrs. John Mathews, introduced Mrs. Robert Alexander, who is a member of the American Field Service Committee, which brings exchange students to this county for a school year.

After a short talk about the committee's activities, Mrs. Alexander presented Miss Vilumin Benedicto, exchange student from the Philippines, who is making her home with Mr. and Mrs. Richard Ross at North Warren while she attends Warren High School. Miss Benedicto gave a very interesting and informative talk on her country, proving very enjoyable to the group. To conclude, a social hour was in charge of the committee.

Warren Garden Club Has Unusually Fine Program

Warren Garden Club had one of its most interesting and informative programs of the year for January, when the speaker was Gilbert Reier, superintendent of Warren parks and playgrounds.

Mrs. J. W. A. Luce reported the Outdoor Christmas Lighting Contest was felt to have been very successful and expressed the hope that many more residents will enter competition another year.

A discussion of Men's Night and other programming features followed; members were reminded their next session will be held February 20.

Concluding, delightful refreshments were served by Mrs. Harold Blair, Mrs. Beecher Rutledge and Mrs. C. J. Cray.

How to Care for New Outerwear

BY KAY SHERWOOD
NEA Staff Writer

THRIFTY homemakers are taking advantage of midwinter clearance sales to replenish wardrobe staples as well as household linens. Basic winter sports coats, snowsuits and parkas or hooded jackets which can be expected to give years of warm service are especially prized by the bargain shopper.

If you shop carefully and read the description tags you may find the newest and most modern type of outer wear. And such wear is easy to care for.

Terms used on the tags in washing instructions don't always mean the same thing to everyone. "Wash-wear" very often means that a garment can be hand-washed in warm soap or detergent and hung to drip-dry. "Automatic wash-wear," a relatively new term on tags, means that it can be washed in an automatic washer set for short cycle and then tumble-dried.

WASHABLE SHELLS with removable linings should be checked; the interlining may be washable, too. Cynon, a versatile, new material which is a spongy, non-woven padding is one new interlining that can be machine washed.

Its insulating qualities make it a warm liner. Nylon or orlon batting, quilted between two layers of washable taffeta or some man-made fabric, also makes a washable interlining that stays fluffy and warm.

Deep-pile mock fur of orlon or dynel is warm, decorative and washable. Millum lining finishes

Vacuum's blower attachment speeds drying and fluffs pile of poplin storm coat with zip-out orlon pile lining after it's given a machine washing.

If applied to washable fabrics are also washable.

THE OUTER SHELLS in tarpoon cloth, cotton satin, poplin, gabardine, nylon fleece, sanforized cotton flannel and melton-finished wool are usually washable. They're also water-repellent. That means all suds must be rinsed out of the fabric to retain repellency.

If your bargain is marked down because it's soiled, wash it at home is an easy matter and you can pocket the savings. Pretreat soil spots with thick suds. Wash according to instructions.

Tumble or drip dry. If dampness remains in deep pile liners, use the blower attachment of the vacuum cleaner to speed evaporation and fluff the liner.

If liners are removable it's easier to wash shell and lining separately.

TODAY is pay day for all who have classified ads.

CANCER LIFE-LINE

Throughout the nation, Americans are learning vital facts about cancer. Through films, pamphlets, posters, exhibits and lectures, via newspapers, magazines, radio and television, the life-line of cancer education is reaching more and more men and women.

All of us are concerned with the major threat which cancer poses. Today, thousands of lives are being saved each year, but many more would be saved if people went to their doctors in time. This, and many other facts of life about cancer, are part of the education program which the American Cancer Society offers—at your community center or club, your church or school, your office or factory. For additional information, call the American Cancer Society office nearest you, or write to "Cancer" in care of your local Post Office.

Furnishings Trade Goes All-Out to Woo Homemaker

BY KAY SHERWOOD, NEA Staff Writer

If you approach the purchase of new furniture with nervous indecision and the conviction that whatever you pick will be a mistake, take heart.

It's going to be very difficult to make a mistake this spring, judging from the new collections shown at the Winter Home Furnishings Market in Chicago.

To encourage us to loosen the purse strings, manufacturers are competing briskly for business with all the lures they can muster: top-notch designers, fine woods, quality production, rich fabrics, comfortable upholstery, practical styling.

To encourage buyers further is the evidence in many showrooms that fine, tasteful furniture can be yours whether you spend a little or a lot.

Stiff competition has worked to hold prices down although profit margins are slim. The reward to the homemaker is that she'll be able to find exceptionally good buys in the medium and moderate price ranges.

IN CHESTS, CABINETS and tables, surface interest in decorative contrasts continues strong. This is achieved with use of contrasting woods, metal or wood inlays, bandings, marquetry or parquetry with soft finishes worked close to the grain.

Where styling is influenced by traditional designs, carving, scoring and grooving will be applied to legs and aprons but those markings are simpler than they were heretofore.

Walnut is still high in popularity and is shown in medium to sable-brown finishes. Cherry, mahogany, birch, pine, maple and elm are also used. More exotic woods such as teak and ebony show up in inlays and parquetry. Metal accents include

brass, pewter, aluminum and stainless steel.

DINING TABLES promise greater usefulness, thanks to ingenious designs and improvements in extension glides. Small, circular tables—44 or 45 inches in diameter—extend to seat a crowd. One type pulls out to 110 inches, but takes up little space when not needed. Another table doubles as a desk, and a narrow, drop-leaf table with an anodized aluminum frame and a printed plastic top is both sophisticated in appearance and practical.

STORAGE PIECES are receiving extra attention from designers. A variety of cabinets for housing hi-fi sets in living room elegance appeared in the market. Bedroom blanket chests in modern designs are back. Other chests have been taken off high legs and a couple extra drawers have been added, to supply extra storage and the solid look many new chests have.

Additions of new stacking units to older, correlated chest and cabinet collections turns them into storage walls as large as you want to make them.

UPHOLSTERED SOFAS and chairs play up comfort without sloppiness by use of deep seats, trim lines, loose pillow backs and well-padded but disciplined curves.

Fabrics will have the rich look, but they'll have practical qualities, too.

Many, for example, will be nylon or nylon blends. Soft leather, in a glorious

Typical of the trend in home furnishings as reflected by the Winter Home Furnishings Market in Chicago is the room setting, above. Sofa in blue nylon stripe and chair in white nylon are deep and comfortable. Dining-game table has pedestal base, brass-handled, plum-colored plastic top. Dacron-silk blend in two shades of blue is used in swag curtain; small, tile-topped tables carry out oriental theme, as does Chinese wallpaper design. Honeycombed, golden balls are lighting fixtures.

range of colors, is easily cleaned. Quilted plastic upholstery is new, also, and it's easily cared for. Design influences don't follow a strong direction. There are modern, Oriental, American French and Italian influences and more than a sprinkling of Renaissance motifs which may grow more important.

make a significant contribution to the future building of Pennsylvania and the building of America. It will help in expanding new industries within the State which in turn create more employment and better business conditions. It will add to the fundamental strength of our nation. It will contribute toward peace in the space-atomic age.

For Mr. Stassen's third topic he chose peace:

"Third, and perhaps most important of all, our great President Dwight Eisenhower should be encouraged by the people in his patient and persistent search for a sound and safeguarded basis for a just and durable peace. Here again we in Pennsylvania have a special responsibility. He is President of all the 48 states but by his choice he is a Pennsylvanian, with his cherished farm home in Gettysburg. It is my hope that we can organize a tremendous outpouring of sentiment to show the backing of Pennsylvanians for President Eisenhower's efforts for peace. Perhaps it could take the form of an unprecedented 'Pennsylvania Declaration of Support for the President's Efforts for Peace' signed by men and women of both political parties and of all walks of life to be delivered to his Gettysburg home on the Fourth of July.

"I can report to you from close observation throughout these five years that no statesman in the world is more consistently and capably endeavoring to prevent the tragedy of a modern war and build the foundations for a lasting peace than President Eisenhower."

Robert O. Wilder, wealthy executive and one of Warren's wealthiest young men, was presented the Jaycees' Distinguished Service Award as the outstanding young man for his national and international philanthropic activities and for his volunteer work in civic affairs.

Introduced by toastmaster LeRoy Schneek was Charles Tranter, Chamber of Commerce executive vice president and first recipient of the Distinguished Service Award last year; Judge Alexander C. Plick, Jr., Borough Manager George Geraciomo, Ed C. Lowrey, Times-Mirror editor; Police Chief Mike Evan, Burgess William B. Rice, Paul Harrington, Chamber of Commerce president; Julius Thorm YMAA director; David Potter, WNAE manager; Rev. Donald A. Spencer of First Presbyterian church; Harry A. Logan, United Refining Company president; Richard Cook, JC president.

Cut in Reserve

(From Page One)

Until mid-November the discount rate was 3 1/2 per cent, having been carried to that height in the two-year upsurge of demand for credit that accompanied an unparalleled industrial investment in new plants and equipment.

Starting Nov. 15, after it was generally recognized that business was faltering, the Federal Reserve banks reduced the rate to 3 per cent. The level still in effect in 11 banks of the system.

That was still twice as high as the 1 1/2 per cent charged in early 1954 at the depth of the 1953-54 recession.

a repudiation of the Eisenhower administration.

Dent was elected to fill the seat vacated by the death last Nov. 20 of veteran Rep. Augustine B. Kelley (D). The congressman-elect, who will serve the balance of this year, said he will seek a full term in November.

With 256 of the district's 270 precincts reported, Dent polled 39,129 votes to 29,786 for his Republican opponent, Herbert Morrison, a Pittsburgh radio newscaster and a borough councilman in Scottsdale.

Morrison, who had scoffed at a statement by National Democratic Chairman Paul Butler that the Republicans were trying "to buy" the election, lost in two previous bids for the congressional seat which Kelley won nine times in a row.

Pittsburgh (P)—The U. S. weather Bureau reported fog in many sections of Western Pennsylvania early today.

State police said ice caused a skidding crash that killed a Minnesota truck driver on the Pennsylvania Turnpike near Bedford.

And in the Pittsburgh suburb of Baldwin Borough, police and gas company spokesmen said fog and high humidity forced carbon monoxide fumes from a gas heater back into a home, dazing a family of five.

The Weather Bureau in Pittsburgh said dense fog was reported early today at Bradford, Phillipsburg, Johnstown and Blairsville.

Family of Five Has Close Call from Carbon Monoxide

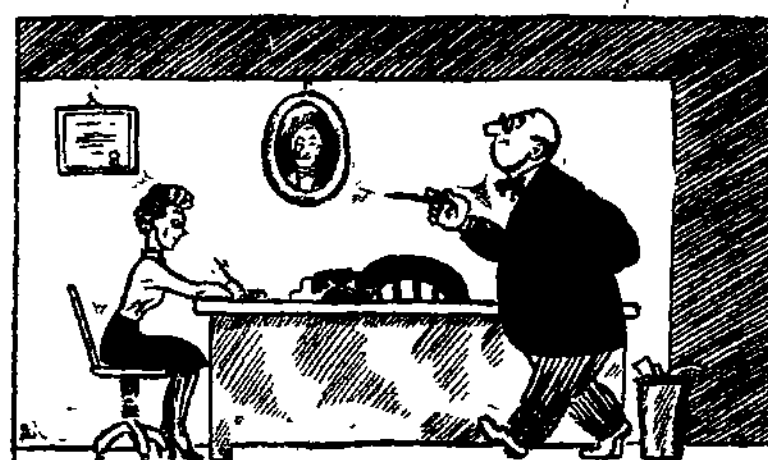

Pittsburgh, (AP)—A mute couple from suburban Baldwin Borough and their three children were dazed by carbon monoxide fumes last night, but the wife managed to summon help by telephoning her mother and crying. Police and representatives of the Equitable Gas Co. said fog and high humidity apparently blocked gas furnace fumes from escaping through the chimney at the home of Mr. and Mrs. Paul McGough Sr. After the couple's three year old daughter, Patricia, collapsed, Mrs. McGough dialed the phone of her parents, Mr. and Mrs. Dominick Carcia in the city's Beechview district.

KILLED ON TURNPIKE

Bedford, (AP)—A Minnesota truck driver was killed and his companion was injured early today in a skidding crash on an icy patch on the Pennsylvania Turnpike about 13 miles east of the Bedford Interchange. Killed was James Shockley, 33, of Minneapolis. Taken to Bedford County Memorial Hospital was Alan F. Hilla of Belleville, N. J. The hospital did not immediately have a report on his injuries or condition.

A Letter to Congress

In a letter to every Senator and Representative . . . the Congressional physician listed ten "commandments of health" for the law-makers to follow.

Prominent among these ten are two rules invariably stressed by authorities on physical fitness, namely: "Drink plentifully of water," and "Bathe cleanly" . . . Both easy to do—economical to practice . . . And so essential to your daily well-being.

A clean body is more apt to be healthy!

Pinball Machine Tax Is Upheld by The Superior Court

Philadelphia (AP)—The state superior court yesterday upheld a tax imposed on pinball machines along with admissions to drive-in theaters and roller skating rinks by the school board of Franklin Twp., Greene County.

The action stemmed from an appeal filed by Durward Coe and Louis Stuler, owners of the Waynesburg drive-in theater and the owners of a roller skating rink who claimed the levy was unconstitutional. The Greene County Common Pleas Court previously dismissed a complaint by the owners to restrain the school board from collecting the tax.

In another decision, the high court upheld a Schuylkill County court ruling that Lewis Kish, who was injured in 1949 while working at the T. F. Steele Coal Co., was entitled to total disability compensation.

Warren Wins at Bradford First Time in Ten Years

Fever-Pitched Contest on Owls' Court Is Witnessed by Frenzied Crowd of Over 600

Warren's Dragons stunned area fans last night when they staged a surprising upset clipping the strong Bradford Owls 37-31 in a spine-tingling, pulse-beating embroglio that had the spectators, players, coaches and officials lump from action and excitement. At approximately 9:45 last night the formidable Owls, confused and completely baffled by Warren's defensive tactics, were finally subdued. It was the first time in two years that Bradford had lost a game on its home court and also the first Warren victory in Bradford since January 9, 1946 when Gail Nelson, Ted Shattuck, Phil Colosimo, Dick Reed and Bob Brumagim turned the trick 32-28. After 10 years of fame, it was only natural that the Dragons and their followers were so jubilant.

A crowd of about 600 witnessed the fever-pitched contest that saw the Dragons nullify the offensive thrusts of the Owls by executing a neatly planned collapsing team defense and at the same time penetrate the famed Bradford sliding zone for enough points to win.

The Dragons jumped off to a quick lead via Bill Brumagim's two set shots. Cavallero retaliated with a foul and a goal. Creola hit on a jumper and Warren led 6-3. Graham contributed a foul and goal to tie at 6-6. The Owls jumped into the lead with a foul by Gallup but Don McKelvey hit on a jumper just as the period ended giving Warren an 8-7 first period edge. In the second stanza, the action see-sawed with first one team and then the other gaining an advantage. The difference in scoring never more than three points. When the smoke of battle had cleared signaling the half, Bradford was out in front 19-17. That both clubs were intent on playing defensive ball was evident by the low score. Replacing "Big Bill" Mervine, in trouble early on fouls, was Mike Cashman. The rookie, moved up because of injuries to Karkosky and Peterson utilized his long arms and big hands to offset the Owl height advantage under the boards. At the same time he managed to contribute six valuable points to the Warren score.

Dragon Grapplers Turn Back Undeclared Titusville Squad

The Warren High School Wrestling squad won a hard fought decision last night at the Beaty Gym by turning back the undeclared Titusville Rockets 26-19.

The Dragons finally clinched the match when Ron Bowen, the heavyweight, scored an 18 second pin in the first period, which is the record for Warren High this year, and is believed to be the Warren High overall record.

Gail Page and Ron Bowen scored the only falls for the Dragons while the only falls for the Rockets fell to the evening, Jim De Mille of Titusville pinned Larry Campbell, these two boys are possible State contenders from this area and Larry will have another crack at Jim in the sectional tournaments held at Corry in February.

The undefeated Dragon JVs kept rolling along by defeating the Titusville JVs 36-8. Scoring wins for the Dragons were R. Cummins, M. Long, T. Sleeman, R. Seader, R. Kane, D. Kells, A. Larson, D. This Thursday the Dragons will Otterburn and D. Campbell while E. Cummins and J. Johnson lost.

Travel to Brockway and this should be another exciting meet for the Dragons. The next home meet will be January 31 with the undefeated and untied Greenville squad, this team has not lost a dual meet in the past two years.

The varsity results as follows. In the 95 pound class Kurt Lester just could not get going last night and every move he tried J. Day of

Denny Platt, the Dragon 145 pounder, put Warren back on the winning side by decisioning J. Armstrong of the Rocket squad 3-0.

Prior to this match, the Dragons were leading by only one point 14-13.

Jay Benze, another scrappy Dragon wrestler, put the Blue and White out in front by three more

points when he decisioned C. Sharf 3-0.

P. Meyers of the Rocket squad continued his unbeaten streak by pinning John Mead in the first period.

Going into the final match of the evening the Dragons were out in front by only one point 20-19 when Ron Bowen clinched it for the Dragons when he pinned N. Nelson in 18 seconds of the first period. Prior to the referee calling the final fall of the evening, the crowd was practically on the mat with anxiety waiting for the call. When the referee smacked the mat, the crowd went wild with cheers and happiness that the Dragons finally reversed last year's loss and became the number one team in Inter-sectional competition.

Youngville Sportsmen To Stock Wild Life

Youngville—The local Sportsmen's Club, at its January meeting, voted to buy 12 dozen rabbits, and to raise from 100 to 200 green-neck pheasants. Members will have a brush-cutting on January 26, and are planning a fox hunt in the near future.

Speakers were Mr. Corry, fish commissioner, and William Over-turf. The Fish Commission intends to stock the Brokenstraw with trout clear into Youngville this year.

The many friends of Dr. Thomas Gettings are very sorry to learn he will be confined to the hospital for a few days with a back injury sustained Sunday. He plans to be back in his office in about four days.

Mrs. Ethel Bull is recovering satisfactorily from surgery which she underwent last Tuesday.

Mrs. Margaret Holder, mother of the Rev. J. Norman Holder, who has been in Warren General Hospital a week, will undergo surgery Thursday of this week.

Two-Time Olympic Champion Deplores Lack of Athletes

Hollywood AP)—Russia is going to win the 1960 Olympic games and another chunk of world-wide prestige unless America wakes up, says Bob Mathias, two-time Olympic decathlon champion.

Too much television, too many cars and not enough competition in grade school and high school have taken the edge off the physical condition of America's youth, added the man who first won the world's decathlon championship as a 17 year old Kiski Prep student in 1948.

"Another trouble is we put too much emphasis on football and baseball so that kids aren't much interested in going out for gymnastics and tumbling and wrestling, and things like that," Mathias said yesterday in an interview at the movie studio where he is being groomed for an acting career.

"That's where the Russians kill us in the Olympics. But that's just because they work at it."

"Coming on top of the Sputniks and Russia's other scientific achievements, if they win the 1960 Olympics it's really going to set them up in this east-west competition."

"We've got to get our women competing. And our boys away from their cars and television sets. It's a family job as well as a job for the schools. And it's a job the whole country will be glad to do if we do it."

JACOBY ON BRIDGE

SOUTH TRAPS
SELF BY PLAY

By OSWALD JACOBY
Written for NEA Service

Hard Luck Joe won the opening trump lead in his own hand and promptly led the jack of diamonds. West covered with the king and Joe took dummy's ace. He returned to his queen of diamonds and drew trumps, stopping in dummy. East let a low heart go.

A third diamond was led and ruffed and when West discarded a heart Joe suddenly realized that

his contract was in jeopardy. He thought a long while and returned the ten. Joe thought again and ducked. East led another heart and West was in the lead with nothing but clubs. Joe had ditched a diamond from dummy.

West led a low club. East's jack forced Joe's ace but now Joe was able to lead the ten of clubs and finesse against West's queen.

"Well," smiled Joe. "I finally made one in spite of bad breaks." "You mean in spite of bad play," said North. "The hand was a cinch."

North was right. Joe had fought his way out of a trap that he had walked into at trick two. Joe should simply have let West's king of diamonds hold the second trick. West would probably lead in his own hand, cash his queen of a second trump. Joe would win diamonds, enter dummy with a third trump and discard a club on dummy's ace of diamonds. Now he would ruff one diamond to set up dummy's fifth, return to dummy with the king of clubs, discard one heart on the last diamond and then lead a heart.

Four odd would be home and Joe would have had a good chance to make five.

YOUNGVILLE

Youngsville—At the regular meeting of FECLA, two girls from last year's graduating class spoke on last year's state convention. The club is selling Eagle car plates and already making plans for the regional meeting to be held in Youngsville about the first of April. Seven area schools will be represented at this meeting, and contests in shorthand, spelling, and speech will be conducted.

Carrie Meredith, Warren, was speaker at the winter picnic of the WCTU held at Mrs. Edith Huston's. Miss Meredith talked about the state convention at Penn State College. Mrs. Ruth Johnson led in devotions, assisted by Mrs. Marie Deshner with a poem. The February meeting will be held with Mrs. J. Peterson, with Mrs. M. Sanford as leader.

Mr. and Mrs. Dean Stuart and family, North East, spent the weekend with her parents, Mr. and Mrs. Ralph Horner.

Alan Tubbs, director of the

Men's adult recreational program being conducted in the new school gym, reports a good attendance for the initial session. The group will meet regularly each Thursday evening, 7:30 to 9:30, as long as interest keeps up.

Mrs. Hazel Olds entertained Truth Seekers Class, with Mrs. Eva Caldwell assistant hostess. The president, Mrs. Florence Hyde, was in charge of the business session; Mrs. Erma Bates conducted devotions.

Mr. and Mrs. Merle See have returned from a midwinter trip to the West Coast, where they visited their daughter and family.
